

Blindfold Cloth Diapering Race

(Materials- blindfold, baby doll(s), cloth diapers of choice on registry). This is a nice way to get mom-to-be started on her cloth diaper package and a great way to get her acquainted with how to use them. Have a few of the guests that are already moms bring their children's dolls, the more lifesize the better. Break into teams (up to five persons per team). Each team has a doll, blindfold and diapers. The object is for each participant to place the blindfold on, take the current diaper off the doll and place the new one on while blindfolded. After the first person finishes diapering, they run to the next team-mate who places the blindfold on and has to do the same. The first team to finish diapering wins!
