

## Name That Baby iTunes

You will need your stereo or computer and your choice of baby shower/ lullaby playlist or iMix. Just like the popular game "Name That Tune," you can play the same game with baby songs or lullabies. See which baby shower guest can guess the song the quickest. The person at the baby shower that guesses the most baby songs the quickest wins. It can also be fun to play in teams and keep score. Go to iTunes Store and make your own iMix or search "baby shower" and you will find hundreds of choices. Link to iTunes playlists for babies. You can email the playlist to all guests attending the shower along with a brief thank you for coming!
