

Put In Your Two Cents

(Materials: Piggy Bank and have everyone bring a little change) - Have a baby shower guest purchase a cute eco piggy bank like Ruiz. www.greatgreengoods.com/2008/03/03/recycled-bottle-piggy-bank/ and have each guest place some change in the piggy bank as they give the mommy-to-be helpful or funny advice about raising children. It does not have to be expensive since guests can deposit spare change into baby's bank while giving useful advice. It is also fun for one of the baby shower planners to write down all the advice and who it is from for the parents-to-be to read later when they need it most. This also helps start the baby's piggy bank savings! Made in Peru by artist, Luitpol Ruiz Gavina
