

Baby Shower Betting

Create a chart on a whiteboard or chalkboard with columns headed with name of guest, date, time, sex, name, weight, and length. Have a few non toxic dry erase markers or chalk. available.

Have guests fill out the chart and take their guesses at any time during the shower. The guest who guesses closest in the most categories wins a baby shower prize, of course given after the baby is born. This game is of course more fun when the sex

and name of the baby is not known and when the birth is not scheduled.
